Congratulations on your new AquaFX PiggyBack Membrane Kit. If you have any difficulties or questions, please do not hesitate to contact us and we will be happy to help you any way we can.

Installation Options

Please note - the GPD rating of your PiggyBack Kit must match the GPD rating of your RO or RO /DI system. If not, replace the RO membrane of your system to match the rating of your PiggyBack it.

In-Series - Water Saver Option

* recommended for applications with pressure higher than 65PSI and softened water or very low TDS

Parallel - Max. Output Option

* recommended for faster product-water output, when pressure is less than 65PSI or hard water (high TDS)
